

7. FLEET OPERATOR OF THE YEAR – NICHE APPLICATIONS

Nominees: (a) Gujarat Logistics (b) Lakshya Global Logistics

There is no better way to describe a specialty than to term it as a niche. It is a place for a few, and takes a good deal of effort and attention. Beginning its journey nine years ago, Gujarat Logistics have strived for excellence by setting high standards with the help of their excellent business practices and management. Making a modest beginning in 2006, Gujarat Logistics has stood up to its motto of providing accurate and secure transportation services of value cargo. An ISO 9001-8000 certified company, Gujarat Logistics has kept itself up to speed with judicious use of technology. It has invested in a GPS analytics dashboard. Its fleet of 100 vehicles is backed by GPS based fleet management system to ensure timely delivery and collection of cargo. Known to deliver container equipment at the stipulated time, the company has evolved into an efficient organisation. Gujarat Logistics operates through 10 offices and operations spanning major port cities, and industrial towns of Gujarat.

Rajinder Singh Sachdeva, Executive Vice President, VE Commercial Vehicles, gave the award to Deepak Thacker, Founder & Managing Partner, Gujarat logistics. To his right is Rajesh Madhvi, Partner, Gujarat Logistics.
